

# S&L Fasteners

**Manufacturing, Machining, and  
Fabrication**

*"We are more than  
just a specialty  
industrial fastener  
manufacturer!"*

Our company has been established since 1999 and we continue to grow. By being committed to all of our customers, we are able to help them achieve success in the ever competitive world of fasteners. In addition, we have recently purchased a brand new Doosan Lynx 220A CNC turning center.

Whether you need a part done from beginning to end or just one operation, give S&L Fasteners a call.

From one specialty part to thousands of specialty parts, we are here to work with you. We will figure out how to get the job done for you and your customer on time.
